## da torneira à mangueira | from tap to hose

acessórios de ligação | connection accessories

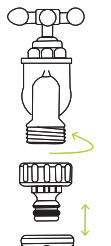

### 1. adaptadores

Une a mangueira à torneira através da utilização de adaptadores (de torneira e de mangueira).

Links the hose to the tap by using adaptors (tap and hose).

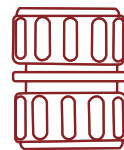

1

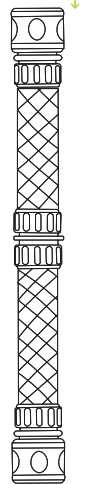

### 2. ligadores

Ligue as mangueiras entre si.

Connect the hoses between themselves.

2

### 3. agulhetas e pistolas

Escolha a agulheta ou pistola de acordo com as necessidades do seu jardim e o modo de rega. Regule o caudal através do aumento ou diminuição do jato.

**Vantagem: a agulheta não requer grande pressão de água.**

Choose the nozzle or spray gun, according to your garden needs and watering mode. Adjust the flow rate by increasing or decreasing the jet.

**Advantage: the nozzle doesn't require high water pressure**
